

AL-AZHAR UNIVERSITY
FACULTY OF MEDICINE FOR GIRLS
Fourth Year (7th Semester)

Form B

Module Name: Hospital management

Code: IMP-07-EA09

Exam: End of Semester

Date: 26/3/2024

Academic Year: 2023/2024

Time Allowed: 1
hours

The exam is formed of 6 pages

Total Marks: 17.5
Marks

INSTRUCTION OF EXAM: All questions have to be answered.

Parts of Exam: Part I: Multiple Choice Questions (21 MCQs = 0.5 mark for each = 10.5 marks) that will be answered in the bubble sheet and collected after 30 minutes.

Part II: 7 Short Answered Questions = 7 Marks that should be answered in the same exam paper.

i. Choose the single best answer: (0.5 mark for each)

1. What do you mean by good medical record?

- A. Standard size of medical record forms.
- B. Good quality of paper, printing, style.
- C. Patient's data written chronologically.
- D. Contain all forms.

2. Which of the following should be the colour of the exit sign?

- A. Black.
- B. Green.
- C. Red.
- D. Yellow.

3. For fire prevention which of the following detector saves human life in the health care facilities?

- A. ultraviolet
- B. Infrared.
- C. Smoke.

D. Heat.

4. What phase of emergency management includes simulations and drills?

- A. Response.
- B. Recovery.
- C. Preparedness.
- D. Mitigation.

5. Which of the following vaccines should be given to workers who deal with biomedical waste?

- A. HbsAg.
- B. Tetanus.
- C. Rabies.
- D. Influenza.

6. Which of the following is the best action to be followed to protect patients from potential sickness caused by water during the process of fire extinguishing?

- A. Use sked stretcher.
- B. Use plastic sheeting.
- C. The use of the mist sprinklers.
- D. Transport the patients to the assembly point.

- d) Simplifies goal Achievement

21. Cardiac surgeon does experimental trials to find a new method to perform valve replacement surgery with lower complications.

What is the type of this motivation?

- a) Attitude motivation
- b) Achievement motivation
- c) Creative motivation
- d) Physiological motivation.

ii. Short answer questions (one mark for each)

1. Name 3 tools can be used for diagnosis of common health problems in the community.

-
- 1. surveys
 - 2. focus groups
 - 3. questionnaires
 - 4. statistical reports

2. List the five basic information that must be retained permanently after destruction of the medical record after the required retention period.

-
- full name and date of birth.
 - admission and discharge dates.
 - name of the attending doctor.
 - diseases treated and operations performed.
 - a discharge summary for each admission.

3. Enumerate four items must be contained in discharge summary

-
- 1. personal detail
 - 2. reason for admission
 - 3. findings and administered treatments
 - 4. follow up details

.....
.....
4. Enumerate four functions of the medical record department.

- 1. Admission and patient identification
- 2. discharge
- 3. filling
- 4. retrieving records for patient care
- 5. medico legal issues
